Cautionary Note Regarding Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of the U.S. federal securities laws, which statements relate to our current expectations and views of future events. In some cases, these forward-looking statements can be identified by words or phrases such as “believe,” “may,” “might,” “will,” “expect,” “estimate,” “could,” “should,” “anticipate,” “aim,” “estimate,” “intend,” “plan,” “believe,” “potential,” “prospective,” “continue,” “is/are likely to” or other similar expressions. These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. Actual outcomes may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, risks related to the following: our ability to attract sufficient new customers, engage and retain our existing customers or sell additional functionality, products and services to them on our platforms; our ability to maintain and improve the network effects of our Super App business model; our ability to improve or maintain technology infrastructure; our ability to successfully execute the new business model and reach profitability of the e-Grocery operations; our ability to partner with sufficient new merchants or maintain relationships with our existing merchant partners; our ability to effectively manage the growth of our business and operations; developments affecting the financial services industry; our brand or trusted status of our platforms and Super Apps; our ability to retain and motivate our personnel and attract new talent, or to maintain our corporate culture; our ability to keep pace with rapid technological developments to provide innovative services; our ability to implement changes to our systems and operations necessary to capitalize on our future growth opportunities; changes in relationships with third-party providers, including software and hardware suppliers, delivery services, credit bureaus and debt collection agencies; our ability to compete successfully against existing or new competitors; our ability to integrate acquisitions, strategic alliances and investments; our ability to adequately obtain, maintain, enforce and protect our intellectual property and similar proprietary rights; evolving nature of Kazakhstan’s legislative and regulatory framework; our ability to obtain or retain certain licenses, permits and approvals in a timely manner; our ability to successfully remediate the existing material weaknesses in our internal control over financial reporting and our ability to establish and maintain an effective system of internal control over financial reporting; dependence on our subsidiaries for cash to fund our operations and expenses, including future dividend payments, if any; and risks related to other factors discussed under “Risk Factors” in the final prospectus relating to our initial public offering filed with the U.S. Securities and Exchange Commission on January 19, 2024.

We operate in an evolving environment. New risks emerge from time to time, and it is not possible for our management to predict all risks, nor can we assess the effect of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

The forward-looking statements made in this presentation relate only to events or information as of the date on which the statements are made in this presentation. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events.

Use of Key Financial and Operating Metrics

Certain parts of this presentation contain our key financial and operating metrics, which we do not consider to be non-IFRS financial measures. We use these metrics to evaluate our business, measure our performance, identify trends affecting our business, formulate financial projections and make strategic decisions. Our key operating metrics may be calculated in a manner different than similar key financial and operating metrics used by other companies. For definitions of these key financial and operating metrics, see the “Glossary” slides.
